Mixed Warehouse Products Freight Prepaid Program & Discount Schedule for Wisconsin

Our Mixed Products Freight Prepaid Program is designed to reduce supply chain costs & to add ease & flexibility to your purchasing function by combining multiple brands on a single purchase order via a common freight policy providing you with one stop shopping – one source, one Rep, one order & one shipment. There are three separate ways to obtain Prepaid Freight shipments from the Granse warehouse.

1. Any single product listed will be shipped freight prepaid at the individual stated levels below:
2. Once the prepaid level for any single product listed is reached, any quantity of any or all additional products will ship along on a prepaid basis.
3. By combining any of these listed products, they will be shipped freight prepaid at a combined of **\$2,000 Net Value.**
