Mixed Warehouse Products Freight Prepaid Program & Discount Schedule for Wisconsin

Our **Mixed Products Freight Prepaid Program** is designed to reduce supply chain costs & to **add ease & flexibility** to your purchasing function by combining multiple brands on a single purchase order via a common freight policy providing you with **one stop shopping** – one source, one Rep, one order & one shipment. There are **three separate ways** to obtain Prepaid Freight shipments from the Granse warehouse.

1. Any single product listed will be shipped freight prepaid at the individual stated levels below:
2. Once the prepaid level for any single product listed is reached, any quantity of any or all additional products will ship along on a prepaid basis.
3. By combining any of these listed products, they will be shipped freight prepaid at a combined of **\$2,000 Net Value.**
