Mixed Warehouse Products Freight Prepaid Program & Discount Schedule for North Dakota & South Dakota

Our **Mixed Products Freight Prepaid Program** is designed to reduce supply chain costs & to add ease & flexibility to your purchasing function by combining multiple brands on a single purchase order via a common freight policy providing you with one stop shopping – one source, one Rep, one order & one shipment. There are three separate ways to obtain Prepaid Freight shipments from the Granse warehouse.

- Any single product listed will be shipped freight prepaid at the individual stated levels below:
- Once the prepaid level for any single product listed is reached, any quantity of any or all additional products will ship along on a prepaid basis.
- By combining any of these listed products, they will be shipped freight prepaid at a combined of **\$2,000 Net Value.**
